## Canine Assisted Education

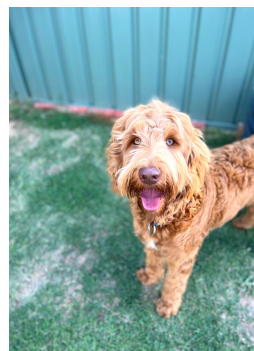

We are delighted that you have chosen to access our professionally-trained dogs to support you to achieve your goals. We have developed this fact sheet to help you remember the important information we discussed today during our 'Canine Assisted Education' session.

When we participate in a CAE session, we understand:

-  the importance of listening to, and following directions given by the practitioner
-  that we treat the dog with respect at all times (we are gentle and calm)
-  that the dog has choice over whether or not they participate in the session
-  that we allow the dog to take a break, use the bathroom or retreat to a quiet area if they wish
-  that if at any time I feel unsafe or uncomfortable, I can ask the practitioner and the dog will be immediately removed from the session
